GRADE CROSSING OVER S. P. TRACKS ON BISSELL AVE.

ENGINE CREW ON SANTA FE OVERCOME BY TUNNEL GASES

Four Men Almost Asphyxiated When Train is Delayed in Heart of Mountain

'DOUBLE HEADER' STALLED

Heroic Efforts of the Occupants of the Caboose Save Lives of Engineers

As the result of having become stalled in the Franklin tunnel yesterday for a period of 35 minutes, Engineer Charles J. Sutton, residing at 142 Fifth street and Zona Bagnall, residing at 562 Sixth street, came very near succumbing to "tunnel gas" asphyxiation.

Sutton, when removed to this city, was taken to the offices of Dr. U. S. Abbott, where restoratives were given him. Late today a report from the man's bedside gave his condition as considerably improved.

The two firemen working on the train at the time who suffered the same near fate as their companions were Leslie M. Mason, residing at 223 Third street and Thomas McCarthy, residing on Washington avenue.

When the train stalled both engine crews endeavored to pull out of the tunnel. They could not budge the heavy train and a brakeman cut half of the string of cars to facilitate the work. When he went up ahead he found all four men unconscious. He hurried back to the caboose and secured the assistance of the conductor and other brakemen.

By first aid, Engineer Sutton was resuscitated. The other unconscious members were piled into the cab of the engine and Sutton opened wide the throttle pulling the men out to fresh air. It was then that the others were revived.

The Prince Eitel, a German commerce destroyer, is supposed to be in Magellan straits. We all know that she is in dire straits.

BAROMETER IN HUMAN FORM

Police Force Can Boast of an Animated Weather Prognosticator who has Sing Kee 'Faded' for Accuracy

Night Sergeant Barry is a "human barometer."

He has got Sing Kee, the Oriental forecaster, "backed off the map" when it comes to prognosticating just when Old Jup Pluv or Old Sol will put in an appearance. Not by rheumatic joints or corns! No sir-e-e! Simply by a process all his own, which is not patented or copyrighted.

Twenty years ago Barry did not wear a blue uniform and helmet, no, indeed, for at that time he was a Texas ranger hunting bad men in the wilds along the border. He did not carry a whistle, bracelets and a "billy," nothing but a "forty-four" which he was capable of "fanning" in double quick time.

It fell to Barry's lot to hunt for a certain bad man who had terrorized one of the border towns and while engaged in the hunt was shot down. The bullet lodging in his back.

"Ever since that time I have been able to forecast the weather by the following system:

"1. When I awake in the morning if sharp pains start scintillating across my spine there will be rain. If they continue I can predict a shower before nightfall.

"2. If I am not bothered with pains from the bullet still lodged there, I can safely say that there will be no inclement weather."

Barry predicts light showers for Thursday, with strong southerly winds.

INSPECTOR HAS A BUSY DAY IN PERMITS

The building permits as issued by Building Inspector Bert Wierda today are as follows:

J. Ruckele, for the erection of a tank house on the south side of Chanslor avenue, between Nineteenth and Twentieth streets, to cost $250.

J. E. Wright, for the building of a porch on the west side of Twenty-second street, between Nevin and Barrett avenues, to cost $25.00.

A. Banducci, for the erection of a frame building on the north side of Nevin avenue, between Nineteenth and Twentieth street, to cost $100.

9.5 FEET IS RECORD TIDE

Exceptional Flood Sweeps in Through Golden Gate and Reaches High Water Mark

The highest tide known to have entered the Golden Gate in the past number of years was that of today when at 8:00 o'clock this morning Stationmaster R. Cundiff at Ferry Point recorded the water touching the nine and one-half foot mark.

According to Cundiff this is three and one-half feet higher than it has ever been and as to its cause he is at a loss to explain.

So high and rapidly did the water rise that ferryboats docking in San Francisco were unable to use their upper deck passageways.

LANCEL WINE CO. DEFENDANT IN SUIT

Woman Commences Action to Recover $6500 on a Promissory Note

Suit to foreclose on a promissory note for $6500 bearing date of May 23, 1911 was filed in the Superior Court Tuesday night against the E. H. Lancel Company, owner of the Lancel winery in Martinez. The plaintiff asks that a receiver be appointed to care for the property and that a commissioner make the sale. An attachment levied some time ago was but recently released against the winery concern.

MATERIAL IS ARRIVING FOR FIRST STILLS AT MARTINEZ

Building of First Unit of the Shell Works Will Commence in a Few Doys

IS ENTIRELY NEW SYSTEM

Well Rocked Roadbeds Extend Throughout Entire Site of Company's Plant

MARTINEZ, Dec. 16.—With the arrival almost daily in this city of large consignments of material for the first unit of Trumbull stills which will be installed at the Shell works in this city, the actual work of building the stills is expected to be started within a few days. Two cars of pipe of various sizes, and lengths arrived in the local railroad yards Monday and the work now depends in a large measure upon the condition of the weather.

The Trumbull system is comparatively new as compared with the system in use at the Standard Oil works in Richmond, being a continuous process.

Throughout the entire site of the big plant, wide roads, well graded and rocked have been built giving free access to every part of the plant and allowing for the easy landing of material upon the ground where the construction will be carried on. On the high hills to the west of the hollow extending southward from the railroad line and up which the spur track will extend will be built the crude oil section, the big tanks on the summit of the hills, for which the grading is now going on being the terminus of the pipe line and will hold the crude oil which will supply the stills. On the hills east of the hollow where the stills will be located will be built the refined products section of the works, the refined oil from the stills being forced into these storage tanks by a pump station built at the southern end of the hollow. On the high hill to the south will be built a mammoth steel salt water tank which will be the supply for the high pressure fire fighting system which will protect the works.

There are about 70 men on the pay roll at the works at this time and when the building of the stills begins this number will be considerably increased by a large number of expert workmen in their various capacities.

VIADUCT ON 23RD STREET IS DECLARED TO BE DEATH TRAP BY R. R. COMMISSIONER

Final arrangements as to the establishing of a grade crossing over the Southern Pacific tracks on Bissell avenue will be completed within the coming week by Attorney J. Squires of the railroad company, J. Saxe, engineer for the Railroad Commission and City Attorney Hall, to cost $3,000.

Today a large number were in attendance at the hearing of the Bissell avenue residents in their appeal for a grade crossing before Commissioner Gordon of the Railroad Commission held in the city council chambers, at which time it was agreed by Attorney Squires that if the city would close trespassing from Twenty-third street across their tracks that the Southern Pacific company would extend the privilege of crossing their tracks at Bissell avenue, providing that warning gates and a flagman be put on the job.

For several minutes during the hearing the conversation waxed warm over the matter of the present subway. Attorney Squires stated that at a cost of $50,000 the present means of travel beneath their tracks had been installed, which was now to be left useless with the opening of the Bissell avenue grade crossing.

City Attorney Hall then informed Attorney Squires that if his company would grant the city the right to go ahead and form an assessment district including the railroad right of way that it could be readily widened to meet the present traffic and pedestrian demands.

Several of the witnesses placed on the stand in regards to the establishing of a grade crossing at Bissell avenue were Charles Johnston, C. W. Dreyspring and City Engineer Chapman.

Commissioner Gordon throughout the entire proceedings was strongly opposed to the matter of establishing a grade crossing and it was only on the grounds that ample means would be taken by the city for the protection of life and limb that he consented to file his report with the members of the commission.

It was approximately estimated that the opening of the avenue across the railroad tracks would cost each of the people whose property fronted on the street in the neighborhood of $5.00 a lot.

In the matter of improving the subway to meet the present amount of vehicle and pedestrian traffic Engineer Saxe of the Railroad Commission stated that at the last petition sent to that body that his office had prepared a set of plans and specifications in which the pedestrain travel would be entirely separated from that of vehicles.

The Southern Pacific was represented in the matter of the street crossing by W. Baker, chief dispatcher for the local division, H. Bordwell, chief of the engineering department and Attorney Squires.

Baker stated that at the present time the company had on an average of 39 trains running over the proposed grade crossing in a period of twelve hours.

The final agreement as decided upon was to the effect that if the city, by assessment, would bear the cost of the warning signal installing that the company would stand the expense of paving sixty feet through its right of way.

FARMERS' EQUITY UNION MEETS

KANSAS CITY, Mo., Dec. 16.—A three-day session of the Farmers' Equity Union, a national organization, opened here today. C. O. Drayton of Greenville, Ill., president of the Union, delivered the principal address today.

Rain always did reign in the Kingdom of Kings.

FIVE BRITISH CITIES BOMBARDED BY KAISER'S FLEET IN THE NORTH SEA

HULL, Eng., Dec. 16 (via London.)—Nine persons are reported to have been killed at Hartlepool and a number injured in the bombardment of that port by German cruisers this morning.

The bombardment of Hartlepool lasted for 25 minutes.

The hostile vessels which took part in the operation are estimated from to to six, but never once were they clearly visible from the shore.

The frosts on the River Tees replied to the fire of the German vessels.

Pieces of shell have been found all over Hartlepool. The damage inflicted on the town is said to be considerable. One of the shells hit a gas tank and set it afire.

The arrival of the German raiders off Scarborough took place under cover of a thick veil of fog. Some people declared they saw a German cruiser lying off Castle Cliff.

The roof of St. Martin's church was struck and one woman is known to have been killed. Another church was damaged and the roofs of several houses were carried away by shells.

The people were greatly excited. They rushed from their houses at the first sound of firing, and women and children were seen running through the streets in their nightclothes.

An eyewitness from Scarborough said a large amount of debris was scattered about the square near the railway station by the shell fire. Roofs of houses were torn away, windows were broken and holes were bored entirely through some houses. The huge chimney at the brickworks was knocked down.

Several shells were fired at the wireless station, with what result is unknown.

It is reported here that word had been received that an attack by the Germans was contemplated and that consequently the authorities were in readiness to meet it. The coast defenses had been thoroughly prepared and all the units of infantry and artillery were at their stations and in the trenches.

Up to 3 o'clock this afternoon no reliable estimates of the casualties were available.

SUPERINTENDENT ATTENDS MEET

Superintendent of Schools W. T. Helms left today for Riverside where he will attend the annual convention of the school superintendents of the state.

Following the convention Superintendent Helms intends to make a trip of inspection throughout the schools in the southern part of the state before returning home.

BANQUET LOUISVILLE ATHLETE

LOUISVILLE, Ky., Dec. 16—The sprinting prowess of Edward Dreyenstedt will be toasted in cordial German fashion tonight, when the Louisville German societies will banquet the athlete who outdistanced all rivals in a five-mile run on Thanksgiving day.

Independent Democratic — Official Paper of City of Richmond

ONLY EFFICIENCY REQUIRED

Here is a subject which should be hammered into the heads of the rising generation of both sexes by teachers and parents. It is the one great essential to success and the only one. Efficiency is the important word and by efficient we mean that a man must be intelligent, sober and industrious. A workman may be intelligent and inclined to be industrious under certain conditions, but if he is not sober he cannot hold a position with any of the large concerns and with but few of the smaller ones at the present time.

More and more it is being brought home to the people of the United States that we must preserve our powers of head and hand if we are to compete with the peoples engaged in the same occupations as ourselves. The business men of the country, those who have large numbers of employes, are insisting more and more that those on their payrolls shall be sober and of good habits.

The railroad took the lead in the crusade, and large factories were not long in following the example of the big transportation companies. Next were the wholesale houses. The old idea that a traveling salesman must be a "good fellow" and buy the drinks for his customers, has passed. The customer of today is too busy to lose time from his business and the traveling salesman is too busy to do other than talk business with his customer.

Competition is too sharp in all vocations for other than the highest efficiency both in employer and employe.

A big manufacturing plant of Illinois has placed signs over the entrance to it, which read: "Did booze ever get a job for you?" "Did booze ever help you to hold a job?" A Kansas City paper says "the big stores are placing the ban on the salesman who stands at the bar and orders another round" and the saleswoman who frequents the cabaret places."

These are the forces that are making for real sobriety in the country. It is not the temperance agitators, not the men and the women who talk prohibition, but the business interests where the highest grade of efficiency and responsibility are required of employes. Therefore be efficient by being sober, and you must be sober in order to be intelligent enough to gain any degree of efficiency. Booze has lost more jobs for men than any other one reason and that is why teachers, preachers and parents should teach the rising generation the one great secret of success.

There is one consolation for the poor man and that is nobody brings a suit against him for damages in six figures. Still this does not buy him anything in the money market, nor extend his credit at the grocery.

There are thousands of people in this world who get along without advertising, but the most of them are dead—only some of them don't know it. Are you among the dead ones?

The latest thing ever is a Tipperary cocktail. We'll bet it is made out of Irish whiskey.

During the past year we were deprived of getting many things which we wanted, and perhaps it is well that this was so. Things come to us so easy at times that they are not appreciated.

An exchange declares that it is well acquainted with the parents of prosperity, but has a hunch that war is a nagging mother-in-law. That looks to be a logical conclusion.

Have you ever noticed that the other fellow's things are always the best in every way? It is a strange fact, but it is noticeable that we are always dissatisfied with the things we have and covet the things we have not.

An inquisitive friend at our elbow wants to know why a war tax of a fraction of a cent on a dollar raises the price of a product ten per cent. This is a question in economics that is hard to answer and we pass it up. Still there ought to be an answer and perhaps it might be attributed to the natural cupidity and cussedness of man.

After all when the time for entrenchments in the establishment comes it is a cinch that the lightweights are not going to be retained to hold the heavyweight jobs. The thing to do is to qualify yourself for the heavyweight position and there will be no fear of being the first man to go when the old man takes a notion to cut down expenses.

The news columns tell us that the railroads see no chance for making more money in the future than they have in the past. Well, we should hope not! They take about all the money people have and then set up a howl when they are respectfully asked to contribute a reasonable sum for the maintenance of the government. Some people are pretty hard to satisfy and the railroad managers are among this class.

Chief of Police White, of San Francisco, announces that the Christmas beggars of the metropolis are to be kept off the streets this year. What about the other beggars? One seldom goes over to the big city across the bay without being accosted a dozen times while walking along Market street from the ferry building to Kearny street.

The calamity howlers declare that we, on the Pacific Coast, are absolutely unprotected from the assaults of a foreign foe and that now is the time to prepare for what they claim is sure to transpire, sooner or later—an invasion by the Japanese. This may all be true, but why worry? At the present time the Japanese are busy attending to the Germans in the Orient and when they get through with that job it is likely that they will go over to Europe to finish up the work started by England, Russia and France. It is well enough to shake hands with Trouble when you meet it in the road.

Twelve Years Ago Today

Yesterday and today were without question the coldest days experienced here for two years. Yesterday morning it was 42 degrees above zero and the mercury rose to 50 at noon. Killing frosts are reported from all parts of the state.

The oil pipe line force which has been working through the Vine Hill district is operating near this city now. All told there is something near 35 miles of construction work ahead of the various gangs.

The block bounded by 11th and 12th streets and Washington and Broadway, Oakland is reported to be burning and beyond control of the fire department. The fire started at 1 o'clock this afternoon in the store occupied by Smith Bros. in the Bacon block. The fire is so fierce that the engines have been removed and the Alameda fire department has been called upon for assistance.

The Standard Oil company announces a general pension plan for the benefit of its employes. The system will operate very much like the ones adopted by the various railroads.

Santa Fe overland No. 7 crashed into a light engine at Siam, a station between Danby and Needles yesterday, instantly killing Charles Hayward and fracturing the skull of Fireman Archiles.

Mrs. H. D. Adams, mother of Lee Adams, has returned to her home in Fresno after a short visit with her son.

The Pullman company is assembling a large number of tourist sleepers at the Santa Fe yards with the inticipation of a large influx of soldiers soon to arrive from the Philippines who are destined for the east.

It is reported that Contractor E. W. Curry is confined to his home at Pinole with typhoid fever.

Miss Mabel Roth, daughter of P. Roth, is among the recent arrivals from Tulare county.

The Record will inaugurate in the near future a new and independent carrier service. The present system which has been in vogue for the past three months has been found to be very unsatisfactory.

Log Cabin Camp No. 367, W. O. W. will install officers for the new term tomorrow evening. After the ceremonies the lodge will hold its social session in which both the members and their families will participate.

This Date In History

DECEMBER 16

1770—Beethoven, the great musician, born. Died March 26, 1827.

1773—Famous Boston Tea Party. Colonists, resenting British tea tax, organized party, disguised as Indians, dumped 340 chests of tea into Boston harbor.

1788—Oczako taken from the Turks by storm by the Russians.

1800—Convention for an armed neutrality signed at Petrograd between Russia and Sweden.

1835—The coldest day on record in eastern states. 12 to 16 degrees below zero.

1835—Great fire in New York, 529 buildings burned, loss $20,000,000.

1854—St. Lawrence River opened to American vessels.

1884—World's Industrial Exposition at New Orleans opened.

1899—Lord Roberts made commander in chief in South Africa; Kitchener as aide.

1901—Senate ratified new Canal treaty.

1902—Franchise granted Pennsylvania R. R. for tunnelling under the North and East Rivers, New York.

1907—American battleship fleet departed from Hampton Roads on its famous tour around the world.

This Is My 78th Birthday

REV. J. M. BUCKLEY

Rev. James Monroe Buckley, famous preacher, editor, author and historian of the Methodist Episcopal Church, was born at Rahway, New Jersey, December 16, 1836. His early studies were in medicine, and despite his great success in the world of letters and theology, he returned to medical work as President of the Methodist Episcopal hospital in Brooklyn, which office he has held since 1882. Dr. Buckley entered the ministry in 1859, and held pastorates at Exeter, Dover and Manchester, N. H. Detroit, Mich., Stanford, Conn., and Brooklyn. He became editor of the New York Christian Advocate in 1880 and continued this work until two years ago.

Among the writings of Dr. Buckley are books on travel, the theory and practice of foreign missions, faith healing and oratory. He wrote a book against woman's suffrage, and wrote two histories of the Methodist Episcopal church. Dr. Buckley makes his home at Morristown, N. J.

MIRAMAR CHAPTER INSTALLS NEW OFFICERS WITH MUCH POMP AND CEREMONY LAST EVE

Miramar Chapter Eastern Star installed officers last evening in the presence of three hundred people who packed the lodge room at Fraternal hall to its fullest capacity.

The installation ceremonies were put on in excellent style by Worthy Grand Matron Mrs. Minnie Seymore who was assisted by Hiram E. Jacobs, past worthy patron, Mrs. Emily B. Axtell, past worthy matron, Mrs. Mary D. Hopkins, past worthy grand marshall and Mrs. Mary Fitzpatrick, grand chaplain.

During the evening Miss Merle Jenkins and Mrs. T. Park Jacoks rendered several vocal selections, following which late hour refreshments were served.

The officers installed were:

Worthy patron, Roy C. Fernald; Mrs. Elizabeth A. Cramer, worthy matron; Mrs. Elizabeth Gnaga, associate matron; Mrs. Annie E. Parker, secretary; Mrs. Nettie Fulton, treasurer; Mrs. Elizabeth Gerlach, conductress; Mrs. Helen Moore, associate conductress; Miss B. Waverly, Adah; Mrs. L. W. Dargitz, Ruth; Mrs. M. W. Adams, Esther; Mrs. R. H. Curry, Martha; Mrs. D. A. Trufft, Electa; Mrs. E. B. Axtell, marshall; Mrs. R. M. Casey, organist; Mrs. A. B. Horner, chaplain; Mrs. M. Eaton, warder; E. D. Dargitz, sentinel.

STANDARD MEN HOLD FIRST BAND MEET

The members of the Standard Oil band met for the first time last evening and elected the following officers: Herman Tuller, president; F. E. Vidal, secretary and Jack Mills, leader.

Those who signed up to take a permanent part in the new organization are:

Leader—Jack Mills, water man; Tubas—Mitchell, pipe shop and Scrivens of No. 2 boiler house; Baritones—S. Mills of No. 3 boiler house and O'Hara of No. 7 boiler house; Trombones — Richards, of No. 7 boiler house and Gray, superintendent of the filtration plant; Altos—Brown, Roberts and Kessell of the carpenter shop and De Bolt of the laboratory; Cornets—Southcutt, of No. 3 boiler house, Vidal, of the machine shop, and Hill of the blacksmith shop; Clarinets—Robbins of the pipe shop; Woodcock, of the carpenter shop and Pitchford, of the car shop; Drums—Dolls, of acid works; Neville, yardmaster and Mills, carpenter.

"CHRISTMAS COMING AND NOTHING TO WEAR!" WHAT AM I TO DO?"

"Here's an invitation to my cousin's ranch for a glorious holiday house party. Big crowds from college, you know, and there'll be all sorts of festivities. For a minute I was pleased. Then up popped a mental picture of my wardrobe—nothing new or smart in it—and I just sighed "hopeless!"

"Phyllis, it isn't! Here's where we try that CREDIT PLAN OF CHERRY'S that the girls tell me is so perfectly splendid. I'll go up with you tomorrow.

"Get a fur trimmed velvet suit—a dark blue one, or any other of the stylish shades—and pay for it ON INSTALLMENTS. Then a dress! CHERRY'S have such darling, fluffy chiffon and silk ones now with lacy overskirts for as low as $12.95. Oh, I'm not imagining! I saw them all and more, too, for sale there ON CREDIT.

"Irene wanted to get her new suit that had been altered a little, and while we waited I saw just enough to make me long to go again. Their store is at 515 13th street, Oakland. They also have a store for men at 528, just across the street. They have two stores in San Francisco, one at 1009 Market, the other 2400 Mission street, and sell men's clothing as well. ad.

CALIFORNIA'S

TWO GREAT 1915

EXPOSITIONS

at San Francisco and San Diego will open on schedule time

There will be

NO POSTPONEMENT

ON ACCOUNT OF THE EUROPEAN WAR OR FOR ANY OTHER REASON

Ask each of them to mail a Postal to Some One Else, and the Mail Man will spread the news

OPENING DATES AND DURATION OF EXPOSITIONS:

Panama-Pacific International Exposition at San Francisco
February 20 to December 4, 1915

Panama-California Exposition at San Diego
January 1 to December 31, 1915

Here are some convincing facts concerning the great Exposition at San Francisco

Not one of the 42 exhibiting foreign nations has withdrawn, while three of them have increased their participation.

Seven nations involved in war and five neutral European nations will have their own buildings.

Exhibits from eleven foreign countries have already arrived.

Forty-three of our States and one city are making individual exhibits.

Finally, these exhibitors are spending more money than previously expended in any two other Expositions.

Whirlpool SANITARY DISHWASHER

SEE WHAT SCIENCE HAS DONE FOR ME

after 3000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the

Whirlpool Sanitary Dish-Washer

saves health, time and nerves and preserves hands and complexion. At last

Woman's Emancipation

is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy cloth. Self-cleansing, sanitary, no parts to wear. Small in size, easily lifted and carried. Strongly built of stamped metal.

Can be purchased on easy payments. Write for our plan.

Sent prepaid, returnable at our expense within ten days, if not exactly as represented.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which dashes the hot soapy water with a swirling effect around, through and over all the dishes, forcibly attacking them at all points and cleansing them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.

Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and sterilized by pouring a dishpan of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer itself, which always remains in an absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

CLARA KIMBALL YOUNG IN "LOLA"

Apparently she died. Her father experiments with his wonderful apparatus and to all appearances she comes back to life, but there is a change in character—a difference in every action of the woman. What caused the change? Was Lola really brought back to life? Was her father justified in his scientific experiments? These are some of the questions intensely interesting and you will go away from the theater with something to cogitate over after you have seen Clara Kimball Young in the dramatization of "Lola."

PLANS FOR GRANT GRAMMER SCHOOL SUBMITTED

$53,000 Structure Will Contain a "Neighborhood" Room for Community Gatherings

Contractor Carl Overaa who was recently awarded the contract for the erection of the new Grant Grammar school on Maine street for $53,000 today submitted plans for the new building to Building Inspector Bert Wierda.

The new school is to be 252 feet in length and 136 feet wide. It is to contain 15 class rooms besides a large assembly hall.

The outside of the building is to be finished in brick veneer while the interior is to be artistically designed with hard woods.

A new feature is to be embodied in the $53,000 school now in course of construction in a "Neighborhood room" which, according to the information received from various school heads will be turned over to meeting purposes for the residents in that district and will also be at the disposal of parents who happen to call for their children.

The room is to be equipped with a library and eveery modern home convenience.

ROCK GIVEN SEVERE TEST FOUND GOOD

At a late hour this afternoon City Engineer Chapman received word from Assistant Superintendent of Streets Fricksted of Oakland stating that after having given a hundred pounds of rock taken from the Ransome-Crummey contract on Twenty-third street the "Rattler" test had found that the loss had been but 17.3%.

"This shows that the rock is excellent for that work and the job will be started again as soon as the inclement weather subsides," stated Chapman.

Do your Christmas shopping early and read the Record-Herald advertisements for Xmas goods.

EMPLOYES HEAR SAFETY FIRST LECTURE

The members of the clerical and mechanical forces of the local Santa Fe shops attended a Safety Meeting held this afternoon in the large assembly hall of the reading room at which W. B. Trull and O. O. Moreland presided.

The meetings are a part of the education which the Santa Fe company instructs its employes.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backachy or Bladder bothers —Meat forms uric Acid.

No man or women who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia nad has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. Advt.

WOMEN SWIMMERS IN THEIR FIRST MEET

BOSTON, Dec. 16.—The first authorized meet in which women are allowed on the same programme with men, under the rules of the Amateur Athletic Union, will be held tonight at Ocean Pier Baths, Revere Beach. A flock of fair swimmers have registered as regular amateurs with the New England Amateur Union, and a handicap 40-yard event and a relay race have been scheduled for the mermaids. It was at Revere that Annette Kellerman developed her wonderful swimming and diving abilities.

Trusting to Memory

GOOD telephone service depends vitally upon care in calling telephone numbers. A wrong number called causes loss of time to you, to the party called and to the operator. Every instance means inconvenience to all concerned which is wholly avoidable.

It is not the loss of time to you alone or to the operator that concerns us most, but it is the annoyance to the party called. Your mistake cannot be explained to him, and the Telephone Company is held responsible for your error.

Consulting the current issue of the telephone directory, instead of trusting to memory; giving your number clearly, and quickly correcting the operator if she misunderstands your call, will greatly increase the efficiency of the service.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

FEDS ARE STILL TRYING TO GET INTO NEW YORK

CHICAGO, Dec. 16.—The Federal League plans ultimately to get into New York and has not given up hope of interesting Colonel Jacob Ruppert of that city in backing a team there, according to President Gilmore of the outlaw circuit, who returned today from French Lick, Ind., where he presented the Federal League side of the baseball war to the Colonel.

Gilmore declared the deal by which Ruppert was to purchase the New York Americans was not yet complete and said the Colonel later this week expected to discuss further with him the Federal proposition.

President Johnson, American League head, declined to discuss details of the proposed sale of the Yankees, and said he planned no visit to French Lick until Colonel Ruppert had talked over the matter with Captain T. L. Huston of New York, who was expected to reach the Indiana resort tomorrow.

FINDING TWO MILLION JOBS

NEW YORK, Dec. 16.—A nation-wide campaign to aid the unemployed in American cities and towns has begun. Never before has such a comprehensive campaign of brotherly love been devised. That America has her own fields of starvation, her own afflicted, to aid, has been brought home by the great movement to rescue the starving and freezing Belgians. In the great process of gathering funds, food and clothing for the afflicted Europeans, there has arisen a closer view of our own problem. It has suddenly been discovered that fully 2,000,000 Americans are facing the rigors of winter and empty larders, through unemployment.

The causes of this condition form a special study in themselves. Whether strikes, industrial depression, or shiftlessness are to be blamed, the human problem of relief stands forth. The committee of prominent men who are studying the problem for the city of New York, headed by Judge E. H. Gary, are making every effort to get at the causes and to formulate a campaign of relief. A municipal employment bureau has been opened, to bring the employers and the jobless together. Two hundred women, wives of employers, have pledged themselves to aid the jobless during the winter.

In Philadelphia, every city ward is organized for relief work and a concerted effort is being successfully made to help all needy and unemployed. The city has gathered a fund to employ extra help on public works.

In Chicago the problem has been well handled, so far as unemployed women is concerned. The campaign to aid jobless men is now under way.

In Boston, the State Free Employment Bureau shows a falling off in labor demands. Mayor Curley is heading a committee that is mapping out work to secure employment and relieve the distress.

In Seattle, an appropriation of $2,400 has been made to care for unemployed men and women.

St. Louis reports an unusual number of unemployed and soup kitchens have been opened for those who cannot provide for themselves.

In Detroit, Henry Ford has opened up his new hospital for the relief of the needy, and has provided beds and food for the jobless.

In Ontario the government has allowed an extension of the season for cutting wood on crown lands, because of lack of employment in certain parts of the province.

In Ohio, conditions are exceedingly bad, on account of the strike of the miners. It is estimated that 41,000 are affected. The strike funds are low, and the families of the strikers are facing a cheerless Christmas. The state is giving 2,000 discarded militia uniforms, and many local organizations are aiding in the relief work. The issue is the wage scale, the miners standing out for three cents a ton more than the operators will offer.

In Camden, N. J., the street commissioner has been flooded with applications for work, since the city undertook to employ all idle citizens. An emergency appropriation of $5,000 has been raised.

In Milwaukee, the county and city relief funds have been found inadequate to meet the situation this fall. A committee is holding regular meetings to devise a method of getting work for the unemployed.

In Newport, Ky., public funds are being used to employ idle citizens. An appeal to aid the unemployed of Covington, Ky., has come about through many cases of idleness.

The American Federation of Labor recognized the gravity of the situation when it asked that the Government hurry its plans for public buildings, so that the unemployed would get work.

With all the measures that are being taken throughout the country to solve this great problem of the unemployed, there is a general optimism that the boom in industrial centers, promised by the vast orders for material and articles from abroad, will soon relieve the situation.

Congratulations To:

Dr. Isaac Sharpless, president of Haverford College, 66 years old today.

Governor Oscar B. Colquitt of Texas 53 years old today.

Rear-Admiral James M. Helm, new commander Atlantic Reserve Fleet, 59 years old today.

Rear-Admiral Austin Knight, president U. S. Naval War College, 60 years old today.

Earl of Launderdale, hereditary Standard Bearer of Scotland, 74 years old today.

Earl of Craven, who married Cornelia Martin of New York, 46 years old today.

Refus Hardy, congressman from Texas, 59 years old today.

Dr. Otis W. Caldwell, Chicago botanist, 45 years old today.

Re-elected President.

Dr. U. S. Abbott was at the fifth annual banquet of the Contra Costa Medical society held in the Hotel Oakland on Saturday evening re-elected president of the organization for the coming year.

GRAND JURY FILES ANNUAL REPORT WITH JUDGE LATIMER

ADDITIONAL DEPUTIES AND INCREASED SALARIES ARE RECOMMENDED—WOULD CONTINUE WAR BEING WAGED UPON SQUIRRELS—ADVISES HEALTH OFFICERS TO BE PREPARED FOR FUTURE LEPROSY CASES IN CO.

The following is a summary of the report of the grand jury which filed its final report with Judge R. H. Latimer:

Recommend that the sum of $450 per month be appropriated by the county for one year for a systematic campaign against the extermination of squirrels.

Recommend that each supervisor examine most carefully the bills presented against his district to see that they are carefully itemized and that it has not been previously paid.

That the physicians in charge of the various health departments get together and have an understonding as how to best dispose of cases of leprosy, such as was forcefully presented for their consideration on the 28th of September.

The report concludes with the recommendations as to increases of assistance in the various departments in the following language:

First: That the $2400.00 now allowed the Assessor for additional help be changed to read: $2100.00 for deputies and $300.00 for traveling expenses. Also that the salary of the stenographer be raised from $60 to $75 per month.

Second: The County Clerk is allowed under the law, another Clerk for Department No. Two of the Superior Court, and we recommend that he also be allowed a copyist when required at not to exceed $50 per month. We also recommend that the salary of his stenographer be raised from $60 to $85 per month it being our opinion that the service rendered is deserving of the raise.

Third: After investigating the affairs of the County Superintendent of Schools we believe more duties are required of the Superintendent than it is possible for one man to properly attend to and we recommend to our Members of the Legislature that steps be taken to allow him an assistant in addition to his present force, said assistant to hold a High School Certificate and allowed a salary not in excess of $1800 per year.

In matter of enforcing attendance of children of school age, we suggest the adoption of forms of notice as offered by the Superintendent.

Fourth: That the Tax Collector be allowed an amount not to exceed $200 per year to be expended for additional clerks or copyists as may become necessary.

Fifth: That the Auditor be allowed an amount not to exceed $750 to be expended for additional help as may be needed.

We recommend that the Probation Officer should receive a salary of $1800 per year.

Sixth: That the Sheriff be allowed thirty cents per mile one way without any constructive mileage for his expenses for traveling, necessarily done by automobile; and his actual traveling expenses when he travels by rail in the criminal service which he performs for the county, instead of being paid by the present system which is exceedingly expensive.

We also recommend that the Sheriff be allowed one deputy in addition to his present force, not including the new bailiff for the Second Department of the Court, at a salary of $125 per month.

The report was signed by the following named: A. W. Seidel, J. F. Stiefvater, Peter Roth, Will A. Collis, Andrew F. Portman, H. B. Pramberg, William Cakebread, G. E. Miner, J. H. Bruning, Isaac McHarry, John Fleitz, H. C. Wetmore, H. G. Boilman, H. W. Botts, George E. Netherton, secretary; Charles J. Wood, foreman.

The other members of the grand jury, F. P. Munson and H. B. Blume were not present at the final meeting and H. W. Cole did not sign the report.

MANY XMAS GIFTS GATHERED FOR POOR KIDDIES

Many little hearts will be gladdened on Christmas day as the result of the good work which is being done at the present time by the members of the Y society of the First Presbyterian church, under the direction of Rev. Guy A. White.

The committee which will assist in bringing gladness and good cheer to many of the poorer "kiddies" are as follows: Miss Hazel Fisher, Miss Myrtle Welch, Miss Olive Conn and Earnest and Herbert Turner.

MURDER TRIAL TOMORROW

HAVERSTRAW, N. Y., Dec. 16.—William V. Cleary, former town clerk of Haverstraw will be tried tomorrow for the murder of his son-in-law, Eugene Newman. A special panel of 75 talesmen has been drawn. The court ordered that there be night sessions during the trial. Newman, the dead man, had eloped with Cleary's daughter, Miss Anna Cleary, and it is predicted that this will be the motive in the state's case.

THE FIRST NATIONAL BANK OF RICHMOND, CALIFORNIA

Annual Meeting

THE REGULAR ANNUAL MEETING of the stockholders of THE FIRST NATIONAL BANK OF RICHMOND, CALIFORNIA, will be held at its banking rooms, Richmond, California, on Tuesday, the 12th day of January, 1915, at 10:30 o'clock A. M., for the purpose of electing a board of directors to serve for the ensuing year, and for the consideration and transaction of any other business that may be brought before the meeting.

C. J. SHEPHERD,
Cashier.

OPENING AND EXTENDING OF SEVENTH STREET

NOTICE OF RECEIPT OF ASSESSMENT ROLL IN THE MATTER OF OPENING AND EXTENDING SEVENTH STREET, IN THE CITY OF RICHMOND, COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, FROM ITS PRESENT TERMINATION AT THE NORTHWESTERLY LINE OF THE HIGHLAND TRACT, A MAP OF WHICH IS ON FILE IN THE OFFICE OF THE RECORDER OF CONTRA COSTA COUNTY, STATE OF CALIFORNIA, ACROSS THE RIGHT-OF-WAY OF THE ATCHISON, TOPEKA & SANTA FE RAILWAY COMPANY, TO THE SOUTHWESTERLY LINE OF THE WEST RICHMOND TRACT IN THE CITY OF RICHMOND, A MAP OF WHICH IS ON FILE IN THE SAID COUNTY RECORDER'S OFFICE, ALL WITHIN THE BOUNDARIES OF THE CITY OF RICHMOND, COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, IN ACCORDANCE WITH RESOLUTION OF INTENTION NO. 226 OF THE COUNCIL OF THE SAID CITY OF RICHMOND, ADOPTED ON THE 13th DAY OF APRIL, 1914.

Notice is hereby given that the assessment roll in the matter of opening and extending of Seventh Street, from its present termination at the Northwesterly line of the Highland Tract, a map of which is on file in the office of the Recorder of Contra Costa County, State of California, across the right-of-way of the Atchison, Topeka & Santa Fe Railway Company, to the Southwesterly line of the West Richmond tract in the City of Richmond, a map of which is on file in the said County Recorder's office, all within the boundaries of the City of Richmond, County of Contra Costa, State of California, to-wit:

A certified copy of the report, assessment and plat made and filed by the Commissioners appointed to assess the benefits and damages and to have general supervision of the proposed work as above described, as finally confirmed and adopted by the Council of the City of Richmond at a regular meeting of said Council held the 7th day of December, 1914, has been forwarded to and filed in the office of the undersigned, Superintendent of Streets of the City of Richmond.

All sums levied and assessed in and by said assessment roll are due and payable immediately. The payment of said sums is to be made to the undersigned Superintendent of Streets within thirty (30) days from the date of the first publication of this notice, to-wit: within thirty days from the 14th day of December, 1914.

All assessments not paid before the expiration of the said thirty (30) days will be declared to be delinquent and thereafter the sum of five (5) per cent upon the amount of each delinquent assessment, together with the cost of advertising each delinquent assessment will be added thereto.

Dated at the office of the Superintendent of Streets, this 14th day of December, 1914.

H. D. CHAPMAN,
Superintendent of Streets, of the City of Richmond.

First publication Dec. 14th, 1914.

NOTICE OF PUBLIC WORK

NOTICE IS HEREBY GIVEN, That the Council of the City of Richmond, on the 7th day of December, 1914, passed Resolution of Intention No. 262 to order the following work to be done in the City of Richmond, County of Contra Costa, State of California, to-wit:

That the public interest and convenience require and that it is the intention of the Council of the City of Richmond, in the County of Contra Costa, State of California, to order the closing up of a portion of Barrett Avenue formerly known as Old Road No. 12, a portion of Ohio Street, and a portion of Macdonald Avenue, within the corporate limits of the City of Richmond, and particularly described as follows, to-wit:

First: A part of that road commonly known and designated as Barrett Avenue, formerly known as Old Road No. 12, particularly described as follows, to wit: All of said Barrett Avenue included between the westerly line of Ashland Avenue as now laid out and existing, and the northerly line of Ohio Street as now laid out and existing. Being all in the City of Richmond, County of Contra Costa, State of California.

Second: A part of Ohio Street particularly described as follows, to wit: All of said Ohio Street lying westerly of the westerly line of Ashland Avenue as now laid out and existing. Being all in the City of Richmond, County of Contra Costa, State of California.

Third: A part of Macdonald Avenue particularly described as follows, to wit: All of said Macdonald Avenue lying westerly of the westerly line of Ashland Avenue as now laid out and existing. Being all in the City of Richmond, County of Contra Costa, State of California.

That the exterior boundaries of the district of lands to be affected by the closing up of said portions of Barrett Avenue, Ohio Street, and Macdonald Avenue, and to be assessed to pay the damages, costs and expenses thereof, are hereby specified as follows, to wit: The exterior boundaries of the City of Richmond as they now exist, are hereby adopted as, and shall constitute and be the boundaries of such district.

That the said work or improvement is to be done under an Act of the Legislature of the State of California, entitled "An Act to provide for laying out, opening, extending, widening, straightening, or closing up in whole or in part, any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March 6, 1889, and all acts amendatory thereto.

Reference is hereby made to said Resolution of Intention No. 262 now on file in the office of the Clerk of the City of Richmond, for further particulars.

Richmond, California, December 8, 1914.

H. D. CHAPMAN,
Superintendent of Streets of the City of Richmond.

First publication Dec. 8, 1914.
Last publication Dec. 18, 1914.

SPORTING NOTES

Connie Mack holds the limelight.

The St. Louis Browns will go to Texas for training, says a dispatch.

Dallas his signed up Joe Dunn, of the Atlanta team, as manager.

Two judges and a referee, with decisions, is the new Cleveland boxing rule.

Philadelphia now has 24 leagues of basketball, with more than 170 crack teams.

Shifting players is believed by Connie Mack to be a good thing for the game. The theory is new with him.

They made the referee pay $4.00 to see the Welsh-Shughrue bout over in New York last week. No dead heads there.

Sunday baseball is tabooed in Baltimore, by the court's most recent interpretation of the law.

The new record baseball price is $50,000, paid by Comiskey for Eddie Collins, will hold for some time.

Joe Shughrue and Charlie White are matched for ten rounds at New York next Wednesday night.

Charley Frank, scout for the Naps, has signed up as manager of Little Rock in the Southern League.

Bennie Allen of Kansas City is still pool champion. He defeated Maturo of Denver 600 to 493.

Jess Willard will propably be trained by Jim Daly, who put Jim Corbett and Gus Ruhdin into the running.

Leslie Mann of the Braves has turned down an offer "your own price" from the Federal League.

Fred Maisel, who stole 74 bases last season, averaged to steal every third time he reached first.

A big plunger is Bert Shank of Cleveland, who has bought 22 colts and fillies, sired by Peter the Great, paying an even thousand each.

The Cubs will train at Campa, beginning March 1. Coming north they will play at Savannah, Birmingham, Nashville, Chattanooga and Memphis.

Billy Sunday, the evangelist, himself a former White Sox player, is blamed for poor baseball attendance in Ohio. His revival campaign had them busy praying last summer.

Walter Johnson leaves a big gap in the Senators' roster of twirlers. Joe Boehling is expected to show like a whirlwind the coming season, and the "Old Fox" had visions before the Federals got in their work.

CERTIFICATE OF COPARTNERSHIP.

State of California, County of Contra Costa, ss.

I, Mrs. Elizabeth L. Hawley, do hereby certify that I am transacting business in this State with my principal place of business at 1200 Macdonald Avenue, Richmond, County of Contra Costa, California, under the firm name and style of HAWLEY PIANO COMPANY; that the names in full of all the members of such partnership are: Mrs. Elizabeth L. Hawley; that my place of residence is set opposite my name hereto subscribed.

IN WITNESS WHEREOF, I have hereunto set my hand this 1st day of December, 1914.

MRS. ELIZABETH L. HAWLEY.
317 Oakland Ave., Oakland, Cal.

State of California, County of Contra Costa, ss.

On this 1st day of December, in the year One Thousand Nine Hundred and Fourteen, before me, CLARE D. HORNER, a Notary Public, in and for the County of Contra Costa, personally appeared Mrs. Elizabeth L. Hawley, known to me to be the person whose name is subscribed to the within instrument, and she duly acknowledged that she executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my Official Seal, at my office in the County of Contra Costa, the day and year in this certificate first above written.

(Seal) CLARE D. HORNER,
Notary Public, in and for the County of Contra Costa, State of California.

Dec. 2 9 46 23 30.

FOWLER REFUSES TO PROSECUTE HIS WIFE

NAPA, Dec. 16.—When Harry Fowler, the former blind inmate of the Martinez hospital, refused to swear to a warrant for the arrest of his wife who is alleged by him to have eloped with Ambrose Grow, said to be her first husband, Sheriff E. A. Kelton refused to take further action and dropped the case forthwith.

Grow and Mrs. Fowler are believed to be in Napa and Fowler has gone on to the Veterans' Home at Yountville where he will be cared for.

WOMAN VOTERS MAKE MATERIAL GAINS IN STATE

Enfranchising women in California increased the vote for governor at the November election over 200 per cent, according to figures furnished yesterday by the secretary of state's office. The total vote at the last gubernatorial election was 926,689, official. In 1906 the vote for governor was 312,030, and in 1910, an increase of 73,000 was noted, making the vote for governor then 385,713, which included all candidates for governor and the scattering vote of the state. The registration of the state both years was close to half a million. In 1904 it was 200,000 over a million.

The result is that the vote cast at the last general election was the greatest in the history of the state by 200 per cent. In November, 228,946 more votes were cast for governor than at the elections of 1906 and 1910 combined.

With the state steadily increasing in population and with the women taking an interest in public affairs, it is prophesied that in 1918, the time of the next gubernatorial election, the registration will be near the 2,000,000 and the state vote would be over 1,500,000, or as great, if not greater, than any state west of the Missippi river. California's registrations are now the greatest in the West.

JOHNNY EVERS IS REPORTED AS BETTER

NEW YORK, Dec. 16.—Johnny Evers came through the crisis of an attack of pneumonia today. With the same gameness that has characterized him throughout his long career on the diamond, the captain of the Braves made a plucky fight for twelve hours while Dr. J. E. Herrity sat by his bedside and he finally won past the turning point in the malady which has held him in bed at the Somerset hotel for more than a week.

Meyers Makes Change.

Richard Meyers who has formerly concocted the drinks at the Bank bar has been placed in charge of the new Ferry saloon in Martinez.

BIG REWARD IS OFFERED FOR CAT KILLED

Offering fifty dollars reward for the information that will lead to the arrest and conviction of the party who slew her Angora cat is the amount of real money that has been placed upon the head of the man, boy or beast that is responsible for the death of the prize feline owned by Mrs. R. Miller of 56 Railroad avenue. Mrs. Miller affirms that she is willing to spend even more money if necessary to have the man punished as the Angora was a pedigreed cat which had been a prize winner in all of the cat contests held about the bay recently.

Incidentally the fifty dollars offered is equal in amount to the bounty resting upon the head of Angelini, the slayer of John Ducca.

The Kings county horses bought for cannon fodder in Europe were certainly "sold."

It begins to appear as though something stiffer than the ferrule will be needed on the Mexican border.

NEWSPAPER MAN IS SUED FOR DIVORCE

Raymond Richmond Formerly of This City, Charged With Cruelty by His Wife.

(Special to Record-Herald)

MARYSVILLE, Yuba Co., Dec. 16.—Mrs. Nina Richmond has filed suit for divorce from Raymond S. Richmond, one of the proprietors of the Auburn Journal and well known newspaper man of Oroville, Butte county and Richmond, Contra Costa county, on the grounds of cruelty.

The couple were married July 11, 1914, living together but a short time. Mrs. Richmond departed for the home of relatives in Nevada.

Raymond Richmond who is figuring in the divorce case recently filed in Yuba county, is well known in this city, having formerly held a reportorical position with a local paper.

SCHOOL FOR FARMERS

PHILADELPHIA, Dec. 16.—The campaign of the Pennsylvania State College to aid farmers in solving the cost of living and increasing the net returns of their work was carried into Philadelphia yesterday, when experts from the college opened a three-day lecture programme on seventeen subjects. The care of fruit trees, cultivation of crops, breeding of swine and other animals, sale of products, and many kindred subjects were discussed yesterday and today. Practical demonstrations in judging beef, dairy cattle and other barn-creatures will be given by Professor W. H. Tomhave.

HEARING ON THE PUBLIC LAND LEASES

WASHINGTON, Dec. 16.—Hearing was begun here today before the Senate Committee on Public lands on the Lane-Ferris general leasing bill, which has been passed in the House of Representatives. The bill makes provision for coal, oil, gas, phosphate, etc., leases on lands owned by the government, and is a measure aimed at the development of the mineral resources. Effort will be made to complete the hearings quickly, so that the bill may be considered in the Senate at this session.

Subscribe for the Record-Herald.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked, or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. —Advt

JONES & ADKISON,

$_____ By _____

WILL SERVE TEA TO THE LADIES

UNIQUE INNOVATION PLANNED BY MRS. WEEKS

An innovation in store policy and store courtesy will be made Friday and Saturday, December 18th and 19th, at the store of A. G. Weeks & Co., 731 Macdonald avenue. Mrs. Weeks is making preparations to entertain the ladies of Richmond and vicinity at a tea to be given during the afternoon of each of the above days.

The large rest rooms in the rear of the store are being cozily fitted up and the ladies visiting the store will be regaled with delicious tea and tasty wafers. Mrs. Weeks wishes it to be thoroughly understood that every lady in Richmond and the surrounding districts is invited and there are no strings to the invitation. Those who come are not expected to make purchases but to enjoy the hospitality of the store. Everybody welcome and requested to come.
